Let Rego Be Your Guide

Agile Maturity Assessment

How to Chart Your True North Path to Business Agility

Are you trying to start an *Agile journey* and your teams are lost on what to do?

Have you already started your Agile journey but have *lost your way*?

Rego's Agile Maturity Assessment will help you identify your agility baseline, leverage your strengths, and provide you with a tailored roadmap to chart your course for Agile success.

Rego's Proven Assessment Approach

Initial Analysis:

Review session to understand your current state of agility and goals.

Prepare to Make Headway:

- Identify 2-3 representative teams.
- Conduct Kick-Off with teams to orient.
- Lock down tool access and formulate Core Team, ceremonies and backlog and schedule.

Agile Review:

- Review team backlog historical record.
- Conduct ceremony observations, group and individual interviews.
- Conduct Gap analysis to industry best values, principles, and practices.

Business Agility Roadmap:

Get expert guidance and best practice recommendations tailored to your organization's unique needs. Receive a report of your strengths and opportunities, including a roadmap of quick wins, mid-term, and long term recommendations.

Find Your True North:

Use Roadmap Recommendations to achieve:

- Greater Visibility
- Organizational Alignment
- Agility

You'll partner with Rego's senior Agile enterprise practitioners.

With over 100 years combined real-world implementation experience, they have the skills, knowledge, and passion to help you chart your course for Agile maturity.
