

# Change and Impact Strategic Planning

*You're a leader or a PMO member responsible for multiple organization-wide changes. You want to understand how changes affect your people for better planning and to ensure organizational success. With this innovative tool, Rego Consulting gives you better insight.*

## Change Is Hard, Don't Sabotage It

Your organization planned initiatives to improve efficiency, effectiveness, reduce costs, increase productivity, etc. Simply relying on change management practices and your PMO team isn't enough.

### Changes Affecting Your Organization

Reorganizations

New products  
or services

Brand rollouts

Compliance

M&As

Selling parts of  
the business

Mass hirings

New  
regulations

Software  
rollouts

New ways of  
doing things

New  
processes

Layoffs

## Leaders Can Have Insight into Enterprise-wide Changes

With Rego's Change and Impact Strategic Planning tool, successful PMOs and leaders now see the big picture. Increase your success by knowing what changes are coming and their collective influence on your teams. This powerful innovation:

Registers and  
explores impact

Rolls up into a  
centralized roadmap

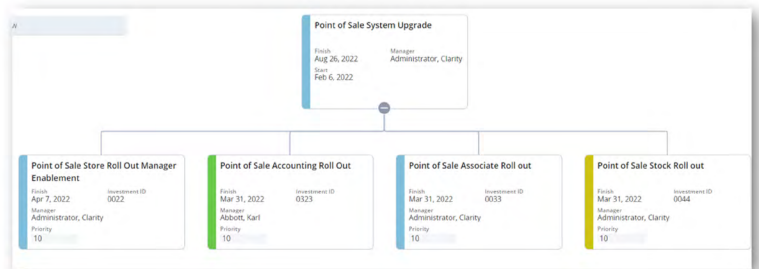

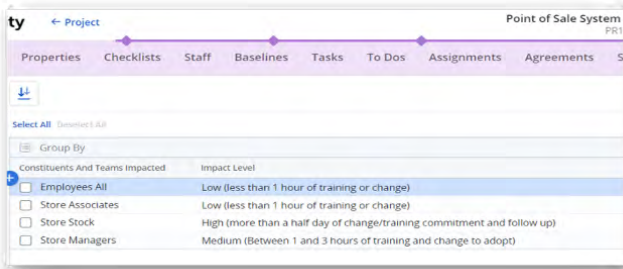

Builds what-if  
scenarios

Integrates multiple  
systems (including agile)  
together, including Clarity

## Features

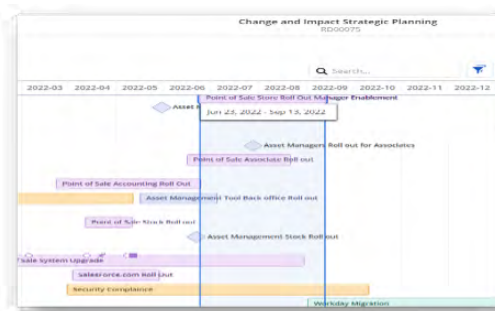

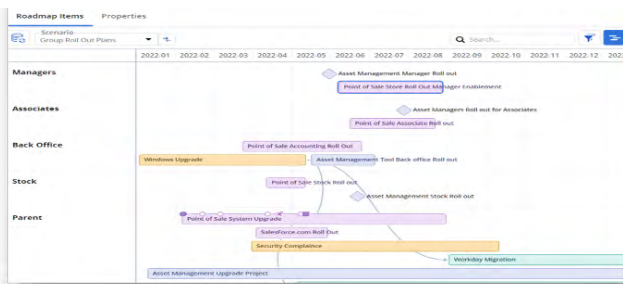

### Register Impact: Identify Staff and Scale

Identify the scale of change and select staff affected quickly and easily.

### Deconstruct Change

Understand the components of changes.

### Add to Roadmap for Strategic Views

Understand how changes fit into your overall landscape to minimize disruption.

### Test What-If Scenarios

See how changes interrelate. Test what-if scenarios to optimize the timing and sequence of changes.

## Avoid Chaos: Understand Your Change and Impact

Without our innovative tool, your organization is disrupted by change rather than strategically planning it.

Reduced insight into scope of changes

Failed changes, wasted time, money, and resources

Overcommitted resources

Poor planning when multiple large-scale changes overlap

Dissatisfied employees, higher turnover, and burnout

Reduced customer service
