Let Rego Be Your Guide

Rego's Clarity Express Mobile App

Looking for a simple way to boost productivity on-the-go? Now you can take Clarity anywhere with Rego's new Clarity Express mobile app!

Clarity Express provides a rich mobile experience, making it easy to access Clarity's Modern UX work management features straight from your phone.

With Rego's Clarity Express Mobile App, it's easy to take care of items wherever your day takes you, making it simple to manage:

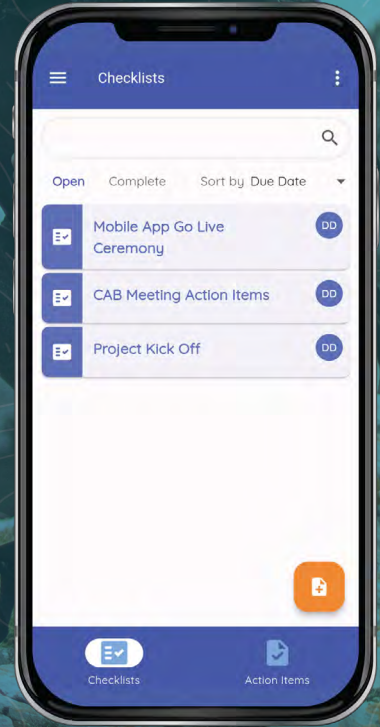

To-Do's

Action Items

Checklists

Benefits:

Compatible with version 16.0.3 and higher

Uses Clarity's REST API to match the Modern UX experience

Supports Broadcom SaaS and Rego SaaS environments

Supports SSO environments to provide a seamless login experience

Users only need a "View-only" license for: To-Do's, Checklists and Action Items

New features and functions will be continually added

The Mobile App makes all of this easy and convenient. Get the App today.

Available for free on the app store for iOS and Android.

Just requires a view-only user in Clarity.
