Strategic Goals

Make Data-Driven
Decisions

Maximize the Value of
Your Clarity Data

## Pick and choose from our pre-built dashboards.
## With nearly 100 reports available, you can select the best fit
## for your organization.

**Idea Summary Dashboard:** Master your pipeline as you prioritize, visualize, and analyze ideas, assess their feasibility, and track progress from inception to execution.

Watch Demo

**Portfolio Summary Dashboard:** Summarize an ad hoc list of investments or leverage your defined hierarchies to visualize and evaluate the performance of your portfolios, including financial data analysis.

Watch Demo

**Investment Roadmap Summary Dashboard:** Plan your future work by comparing different scenarios, including in-flight work, and determine the best course of action for your organization.

**Watch Demo**

**Timesheet Compliance Summary Dashboard:** Spot opportunities to improve timesheet accuracy and resource allocations by assessing timesheet compliance and allocation variances.

**Watch Demo**

**Resource Management Summary Dashboard:** Evaluate resource allocations, identify bottlenecks, and ensure optimal resource utilization across projects and teams.

**Watch Demo**

**Program Summary Dashboard:** Gain an overview of program-level performance, track program milestones, and assess overall program health.

**Watch Demo**

**Financial Summary Dashboard:** Gain a financial view of your investments by comparing actuals to planned cost and planned benefit.

**Watch Demo**

**Work Management Summary Dashboard:** Make sure project deliverables are completed on time by tracking work progress and monitoring task assignments.

**Watch Demo**

**Allocation Planning Dashboard:** Quickly analyze who is overallocated, who is underutilized, who is working on what, and which projects need to be staffed or given additional resources.*

**Watch Demo**

**Adoption Dashboard:** Evaluate the accuracy and completeness of project and resource data in Clarity. This dashboard helps ensure project managers and resource managers maintain up-to-date information, supporting better decision-making and project outcomes.

**Watch Demo**

Each dashboard can be configured quickly and customized to meet your needs. Get yours for free in the RegoXchange. And, if you need support, we are happy to help with just a few hours of set up time.

**Are the struggles of implementing Power BI delaying your strategic decisions? Let Rego simplify your Clarity reporting experience with a secure SaaS offering.**
