

# Clarity Roadmap Ranking Rules

## Automate Prioritization Inside Clarity

**Stop exporting. Start prioritizing.**

With Roadmap Ranking Rules, you can rank Investments directly in Clarity, compare planning scenarios, and make faster, smarter decisions – without ever leaving your Roadmap.

### What You'll Gain

**Stay in Clarity –**  
Define and apply investment ranking rules directly in your roadmap.

**Automate Prioritization –**  
Let logic do the heavy lifting.  
No spreadsheets needed.

**Compare Scenarios –**  
See how different rules impact your plan side-by-side.

**Customize by Strategy –**  
Use different rules for various roadmaps and planning cycles.

### Value to You

**Save time** by eliminating exports and manual steps

**Improve visibility** into how rankings affect roadmap goals

**Make informed decisions** using consistent, data-backed logic

**Use one tool** for planning, ranking, and execution
