

TiMonE

Rego's monday.com Timesheet Widget

Easily report and monitor your enterprise time tracking

The Rego monday.com timesheet widget enables enterprise customers to track time and provides insights within monday.com to monitor and report easily through native functionality.

TiMonE allows you to:

- Engage with a simple widget that tracks time via a user-friendly UI
- Empowers time tracking capabilities in monday.com, working with existing boards and items
- Leverage existing monday.com dashboard functionality, and monitor work in real-time
- Use native functionality to control access following monday.com structure through Workspaces, Dashboards, Boards, and Items
- Track time across items and subitems through multiple users

Using the timesheet widget:

- Increases team member focus
- Ensures transparency and accountability
- Enables efficient and effective team management
- Helps prioritize

How does Rego support the timesheet widget?

- Deployment and implementation assistance
- Access to Rego's Asset Support Team

How long does it take to get the widget running?
